There was a brief discussion among the Council including the Mr. Ervin and Manager Stasiak about the correct date, if the June 7, 2011 minutes needed to be adjusted and if the minutes were accurate why the specific Saturday had changed.

There was discussion among the Council and Mr. Ervin regarding the denial of this claim, if any other claims were associated with these same circumstances, if the City had actually installed a backflow device on a citizen's property, how long a citizen had to file a claim, how long the City had to investigate the alleged claim and how the amount of this claim was unknown. During this discussion, Mr. Ervin reviewed the State of Oklahoma's Tort Act and its' associated limits.

Vice-Mayor Browne moved to authorize the Mayor to sign a contract between the City of McAlester and Main Street Association. The motion was seconded by Councilman Harrison.

Before the vote, Councilman Harrison commented that the time period on the copy of the contract in the agenda was incorrect and would need to be corrected prior to the Mayor signing the contract.

There was discussion among the Council regarding number of years that the Main Street Association had requested funding from the City, that there had not been any regular updates on their activities, the new formal contract with specific requirements, creating a committee to work on developing goals with the Main Street Board, receiving quarterly updates and having the goals set before the contract was signed.

Mayor Priddle named Vice-Mayor Browne, Councilman Smith and Manager Stasiak to the committee to work on developing the goals for the Main Street Program with their Board of Directors.

Councilman Smith moved to table the contract until the first meeting in July, to develop the goals then contract is signed. The motion was seconded by Councilman Mason.

Before the vote, Councilman Harrison asked if this would burden Main Street when meeting their obligations. Ms. Ervin, Main Street Executive Director stated that it would place a burden on the program and that the State required some sort of contribution from the cities involved in the programs. Ms. Duke explained that the Main Street Program would receive payment in July for June. There was discussion about the Committee having the goals ready by the first meeting in July and the short time limit before the deadline for agenda items. Mr. Ervin commented that the contract could be placed on the agenda and then the goals or changes be amended into the contract during the Council meeting.

Before the vote, Councilman Smith commented that he was concerned with the bonus and raise that had been given to the MPower Director while the City was struggling. He stated that he did not feel that it had been good timing. He added that he would also not bump them up 8% but leave them at the current level of funding and see what happens in the next year.

Mayor Priddle stated that there was a motion to modify the MPower contract by changing the funding amount from \$199,452.00 to the current level of funding, estimated at \$185,000.00. The motion was seconded by Councilman Mason.

Before the vote, there was discussion among the Council regarding the amount of funding for the previous years, how all of the contracts funding was calculated and how to correctly modify and consider the contract. Mayor Priddle clarified the motion to be “changing the funding from \$199,452.00 to the current level.” He added the vote would be for only the funding and not the contract. There was a lengthy discussion among the Council and Mr. Ervin concerning the previous item not before the Council for consideration, what tools the City had at its disposal for conducting a meeting, how items that have failed could be brought back before the Council, ensuring that all of the citizens have equal representation, how this could be setting a dangerous precedence and using the renew option that was included in Robert's Rules of Order.
